Quiz Instruction

Welcome to the quiz! Before you begin, please read the following instructions carefully. Understanding the rules and guidelines will help you perform at your best and avoid any unnecessary mistakes.

General Guidelines:

1. The quiz consists of multiple-choice questions, and each question will have four options.
2. Only one option is correct for each question; select the best answer from the given choices.
3. You will have a total of 30 minutes to complete the quiz, and the timer starts as soon as you begin.
4. Once you move to the next question, you will not be able to return to the previous one. Make sure to review your answer before proceeding.
5. Your final score will be displayed at the end of the quiz, along with an option to review correct answers and explanations (if available).

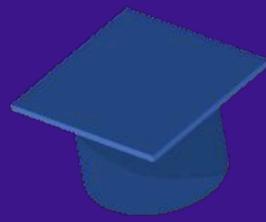

Important Notes:

- Ensure you have a stable internet connection throughout the quiz to avoid disruptions.
- Do not refresh or close your browser while taking the quiz, as this might result in losing your progress.
- The quiz is designed to be completed in one sitting; pausing or leaving midway may result in disqualification.
- Plagiarism or using unfair means during the quiz is strictly prohibited and may result in disqualification.
- If you encounter any technical difficulties, please contact support immediately.

Scoring and Results:

Each correct answer will earn you points, and there is no negative marking for incorrect answers. The final score will
